

2017-18 ONLINE ADMISSION NOTICE

Matter of Admission Cancellation

There are the following chances of cancellation of admission:

1. If after payment if a student does not come to college for verification with all original documents (After completion of entire online admission process the original documents verification process will be done physically in college campus and dates will be notified later, so provisionally admitted candidates are requested to follow college website on regular basis).
2. If a student seeks admission for a reserved seat but does not have original caste certificate.
3. For Candidates who have applied in sports quota, he/she is eligible only if he/she has a certificate for being selected as a state level or national level sports women/sports men. If a candidate who don't have the requisite certificate but pays admission fees as his/her name is selected in sports quota, will be rejected and the amount paid will not be refunded.
4. If a student fills up incorrect marks during form fill up and INDEX POINT is calculated accordingly, then his/her INDEX POINT must be calculated during verification as per original marks. If the new INDEX POINT does not satisfy required bench mark, then his admission will be cancelled.
5. There will be no refund, if a student takes admission but thereafter he/she does not continue classes and gets admission in another institution.

In all these respective cases, no refund of money would be made.

Matter of Transfer

1. Candidates have to pay Separate transfer fee for change from one discipline to another discipline (Rs.100/-)
2. If a student takes transfer from one discipline to another discipline, then the Student will have to pay the extra amount (if any) for the new option. And it should be payed at the time of document verification (Document verification date will be announced later, so candidates are requested to visit our college website regularly for further notification).
3. If a student takes transfer from one discipline to another discipline and the student has already made payment for the first one and if the fees of the new discipline is less than the previous one then the college authority will adjust the excess payment made by the student during the time of tuition fee collection.
